att ER-84-1794

D/PERS 84-2124

Dear Bill:

I was asked by the Office of Global Issues at CIA to provide a performance appraisal on [] who served as my special assistant for international affairs on loan from CIA from October 1983 to May 1984. Since you have known [] for a number of years, I am directing this review to you to be passed on as appropriate.

STAT

STAT

[] briefed me on international developments in general and particularly on factors affecting the international debt situation. His ability to pull together the various resources of the Agency in support of my efforts in this area was invaluable. I always found his comments useful and perceptive. He has a wide range of knowledge and good balanced judgment. He was certainly a substantial asset to me in my work.

STAT

I might just add that I found the CIA's work on international debt to be generally of a very high quality. They were quick to respond with careful financial calculations. I think it is an excellent analytic team that you have in this area.

Sincerely,

Martin Feldstein
